

DO NOT CHANGE OWNERSHIP RULES. THE USE OF THE AIRWAYS IS PUBLIC NOT CORPORATE CONTROL. THIS IS YOUR (THE FCC'S) RESPONSIBILITY. DIVERSITY OF INFORMATION AND EASE OF ACCESS BOTH WILL BE JEPRIDIZED BY NARROWING THE SOURCE OF OWNERSHIP AND CONTROL OF RADIO AND TW O.

On the eve of this FCC vote it appears Chair Powell will go ahead with his plans. Since the FCC is a public agency to oversee the airways do they have a legal responsibility to hold OPEN meetings with all content PRE-ANNOUNCED? And since Powell has withheld the actual changes planned he has NOT followed the steps laid out by law the meeting could be stopped? Real or wishful thinking.
